

California Strategic Growth Council: 2024 Catalyst Conference

Progress in Place: From Power Building to Project Implementation

With historic investment through the Inflation Reduction Act and California's Climate Budget, "Progress in Place: From Power Building to Project Implementation," promotes community and local capacity, while anticipating challenges associated with project development and implementation. The sessions reflect the urgency to make place-based investments that center and support disinvested communities, at the speed at which federal and state funds are being deployed.

February 1 - 2, 2024 | Sacramento, California

1.4 Navigating the Climate Finance Ecosystem

Session Leads

Everett Sands, CEO, Lendistry, hello@lendistry.com | www.linkedin.com/in/everettksands

Chistina Angelides, Managing Director of Policy, Elemental Excelerator, policylab@elementalexcelerator.com | www.linkedin.com/in/christina-angelides-8a258b3

Jessie Buendia, Vice President of Sustainability and Green For All National Director, Dream.org, jessie.buendia@dream.org | www.linkedin.com/in/jessicabuendia/

Jessica Lopez, AHSC Senior Program Analyst, SGC, Jessica.Lopez@sgc.ca.gov

Session Overview

This session will provide an overview of the different funding types currently available across the public and private climate finance landscape and insight into the climate finance ecosystem by detailing the specific roles different entities play in moving finance from award to implementation. Session leads will go over: how to define the capital stack; types of grant and public funding available; and debt and equity financing solutions.

Session Outcomes

- Understand why the right financing stack matters
- Learn about possible funding opportunities
- Gain a deeper understanding of financing solutions that can help accelerate and expand the impact of public funding
